RAPID ABSORPTION

ENHANCED SYSTEMIC PERFORMANCE

RAIDER PLUS

ENHANCED UPTAKE

Raider Plus is an advanced spray adjuvant that improves the uptake of foliar-applied nutrients and systemic pesticides. **Raider Plus** contains a patented ingredient that promotes rapid absorption of spray materials under a wide range of temperatures and weather conditions.

NUTRIENT ANALYSIS

Available Phosphate (P₂O₅).....2.00%
Soluble Potash (K₂O).....3.00%

Derived from monopotassium phosphate.

Net Weight: 1.196 kg/L

PROFESSIONAL USE GUIDELINES ⑨

APPLICATION:

Apply with any equipment that delivers a fine spray mist to the target area utilizing 02-04 tips for a total spray volume of 200-350 L / ha. Do not water in. Wait at least 2 hours to irrigate.

RATE OF APPLICATION:

Apply at the specific rate of 1.5 L/ha regardless of the total spray volume to be applied.

COMPATIBILITY:

Raider Plus should not be used in conjunction with any product that is not systemic.
